Scream

[Thousand Foot Krutch](#)

I can't erase it anymore, it follows me everywhere I go
It's like a mask that I don't want to wear anymore
I think I've found a way to let it go but it's still too soon to know for sure
I'd give everything I am to just feel somethin'Can you feel that?Scream when the pressure breaks, me when it's
too hard to see
When I feel like I'm at the end of my rope one more time
Scream when the fire burns me, when it's hard to break free
When I feel like I'm standin' on the edge of it all this timeI can't suppress it anymore, here it comes like a flood
just like before
When it rains it pours and I don't want to swim anymore
I think I've found a way to let it go
I don't know I've never felt this way before
But with everything I am I just let goCan you feel that?Scream when the pressure breaks me, when it's too hard
to see
When I feel like I'm at the end of my rope one more time
Scream when the fire burns me, when it's hard to break free
When I feel like I'm standin' on the edge of it all this timeYou make me wanna screamIt's not a joke, I've felt
as mess up as you do
I've felt the feelings you've been feeling
Been through the same things you've been throughAnd I know how hard it is to feel like you're all alone
We've all been given a second chance
But the choice is all our ownScream when the pressure breaks me, when it's too hard to see
When I feel like I'm at the end of my rope one more time
Scream when the fire burns me, when it's hard to break free
When I feel like I'm standin' on the edge of it all this time
Standin' on the edge of it all this time
Standin' on the edge of it all this time
