## Whiskey Smile

Oh my God  
Tell me this won't last forever  
Tell me that I'm not alone  
Tell me this will come together nowPacked my things up just the other day  
Said my goodbyes to all these things I've sayed  
Out in the driveway we laugh under the moon  
Among my friends for now but I'll be leavin' soonMany days from now I'm sure  
I'll be back among your graces  
And with you I won't pretend  
No not at all, Oh Crack the morning, up and running quick  
No sleep again last night  
That's the way it is  
Out in the open under broken skies  
I feel every foot step I see everybody's eyesOh and this is summer, in another world  
Far from the driveway and my baby girl  
Soon come the winter and with it quiet nights  
And darker days and darker fightsMany days from now I'm sure  
I'll be back among your faces  
And with you I won't pretend  
No not at allOh, the theater is burnin over at midnight  
But never like this  
Hot under the fire, the stars are a fallin  
But never like this  
No, I hope you never see thisWait, wait for my love  
Don't forget me never let me go  
If you wait, wait for my love  
I'll remember never let you goUntil I'm fine, fine, fine  
Until I'm fine, fine, fineTo be back in my room  
I have the same dream every night  
Just me, among my things  
No one else is there, there's no one left to fight, just meAmong my things  
Many nights from now I know  
I'll be back among your graces  
Until then I'll just pretend  
That I'm not coldOh my god, tell me this won't last forever  
And tell me that I'm not alone  
Tell me this will come together  
Oh my God you knowWait, wait for my love  
Don't forget me never let me down

And just wait, wait for my love  
I'll remember every one of youAnd just wait, wait for my love  
Wait, wait for my love  
Wait for my loveUntil I'm fine, fine, fine  
Until I'm fine, fine, fine  
I'll be fine, fine, fine  
I'll be fine, fine, fine
