Mercy In Me

Todd Agnew

A poor man on the corner
I could give to You by buying him lunch
But I rarely think about it
Cause I got a little but its not that muchAnd I pray Lord, wont You help me?
And give me a little bit more for myself
And You say, "Child, wont you let me
Take all that you got and give you a little real wealth?"And I dont know what You want, or what You see in my life
And I dont know what You mean, and how You could be glorified
And Im not too sure about this idea of sacrifice
What You mean by mercy, mercy in me, Your mercy in me, yeahA young girl in an old house
With three kids and another on the way
Shes in desperate need of some new clothes
But I keep my old ones and tell her Ill pray for herBut Your heart breaks for those kids
And that child of a mom who is one of Your own
When a few gifts and a little time
Is another crown I could lay at the feet of Your throneAnd I dont know what You want or what You see in my life
And I dont know what You mean and how You could be glorified
And Im not too sure about this idea of sacrifice
What You mean by mercy, mercy in me, Your mercy in me, yeahAnd I dont know what You want or what You see in my life
And I dont know what You mean and how You could be glorified
And Im not too sure about this idea of sacrifice
What You mean by mercy, mercy, mercy in meAnd I dont know what You want or what You see in my life
And I dont know what You mean and how You could be glorified
And Im not too sure about this idea of sacrifice
What You mean by mercy, mercy, mercy in me, Your mercy in me, yeahYour mercy, mercy in me, yeah
Your mercy in me, yeah
