

Branded

The Word Alive

No living savior to follow home
Wandering hopeless into the unknown
Is there hope, to hope like them?
Save me from the hell I'm in We came dependent just to be branded
It's hard to believe we don't belong
Here we are standing, together demanding
Singing for those who don't belong So here we are
Off in the unknown
Aimless, but tired of being alone
Is there hope?
To hope like them?
Save me from the hell I'm in We came dependent just to be branded
It's hard to believe we don't belong
Here we are standing, together demanding
Singing for those who don't belong Lost and found, I had no home
Found myself when I gave up hope
So don't forget your darkest hours
Light the way to a life empowered
Don't forget your darkest hours
Light the way, light the way
(We came dependent just to be branded
It's hard to believe we don't belong) We came dependent just to be branded
It's hard to believe we don't belong
Here we are standing, together demanding
Singing for those who don't belong
Don't belong
