Waiting For You

Jim Brickman

A photograph, a blanket
Some mistletoe, confetti snow
An angel to put on a tree
Santa Claus in crayon
To make you smile today
While you're so far away
So I'm sending you a little Christmas
Wrapped up with love
A little peace, a little light
To remind you of
How I'm waiting for you, praying for you
I wanted you to see
So I'm sending you a little Christmas
Till you come home to me
Some gingerbread, a candy cane
A stocking I made with your name
I filled it with your favorite things
A way to say I love you
Like kisses in the air
Hoping you'll feel me there

So I'm sending you a little Christmas
Wrapped up with love
A little peace, a little light
To remind you of
How I'm waiting for you, praying for you
I wanted you to see
So I'm sending you a little Christmas
Till you come home to me
Home - into these arms of mine
Home where you belong
So I'm sending you a little Christmas
Wrapped up with love
A little peace, a little light
To remind you of
How I'm waiting for you, praying for you
I wanted you to see
So I'm sending you a little Christmas
Till you come home to me
