

Return Forever

T.O.L.D.

Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return foreverI know the river tends to rise
Just like the living tends to die
I know religion can be mineI saw you in the dark of night
You made my vision fade to white
Not all decision can be right
Say my name and return forever
Return foreverSo many ways to go wrong
You can wait for too long
Show your ineptitude
We've got an aptitude
We've got an aptitude nowSo many ways to go wrong
You can wait for too long
Show your ineptitude
We've got an aptitude
And I knowSomeday
You'll find
Saint of some time
Someday
You'll find
Saint of some time
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return foreverI saw you in the dark of night
You made my vision fade to whiteSo many ways to go wrong
You can wait for too long
Show your ineptitude
We've got an aptitude
We've got an aptitude nowSo many ways to go wrong

You can wait for too long
Show your ineptitude
We've got an aptitude
And I know Someday
You'll find
Saint of some time
Someday
You'll find
Saint of some time Say my name and return forever
Say my name and return forever I can't see the way out
I sleep with no voice and wake with no name
The devil's taking me out
I could stay dry but I could hear rain I can't see the way out
I sleep with no voice and wake with no name
The devil's taking me out
I could stay dry but I could hear rain Someday
You'll find
Saint of some time
Someday
You'll find
Saint of some time Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
Say my name and return forever
