

Falling In Love

The Fixx

You can hide all your secrets
Behind every stitch of the clothes that you wear
And you can cover your tracks
With your big city act that you play everywhere

But those slow sultry shadows in the back of your mind
Tell a tale on you
And you don't need excuses cause everyone knows
Love's finally coming to you

[Chorus]
You're falling in love
Just when you're learning to be alone
You're falling in love
Just when you're yearning to make it on your own
Problems like these
Everyone needs
There has to be a way, oh
To have what you want and get what you need
Every night and every day

Between method and madness your joy turns to sadness
When choices are made
You don't need to be chosin' between love and losin'
There's nothing to trade

Oh you can hold on to something and still let it go
When you want it to, oh
And you don't need excuses 'cause everyone knows
Love's finally coming to you

[Chorus]
You're hesitating, I'm just here waiting
Wondering when you'll see that you're already there
You've got something to share, baby share it with me

[Chorus]
Falling in love

Just when you're learning
Falling in love
Just when you're yearning to make it on your own
Problems like these
