## Sarah Brightman

And do you still touch her like you do  
Kissed her all over in, the way I kissed with you  
And when you sleep with her, do you sometimes think of me  
Not if you love her the way that I see I had to be free, had to be free  
It's all that I wanted  
I wanted to see, wanted to be  
Alone if I needed  
(Aaa) I had to be free, had to be free  
From feelings that haunted  
I wanted to see, wanted to be  
Free And then in the evening light, when the bars of freedom fall  
I watch the two of you in the shadows on the wall  
How in the darkness steals some of the choices from my hand  
(Aaa)  
Then will I begin to understand  
(Aaa) I had to be free, had to be free  
It's all that I wanted  
(Aaa)  
I wanted to see, wanted to be  
Alone if I needed I had to be free, had to be free  
From feelings that haunted  
(Aaa)  
I wanted to see, wanted to be  
Free I had to be free, had to be free  
It's all that I wanted  
(Aaa)  
I wanted to see, wanted to be  
Alone if I needed  
(Aaa) I had to be free, had to be free  
From feelings that haunted  
(Aaa)  
I wanted to see, wanted to be  
Free
