Hurry Up

Steve Holy

Well, I know, you know
I don't know how long I can wait
You touch me, you move me
And that's almost too much for me to take
I try to be patient
I know you're worth the while
But my sanity is tested
Every time I see you smile
Now you can't rush a good thing, no love before it's time
And anybody fine as you's heard every pick-up line
I swear that I respect you for what hasn't happened yet
But could you hurry up every chance you get
Well, you know what you do
When you do what you're doing now
You tempt me, you tease me
With that 'I ain't done this' look but I know how
I'll be worth your wait, babe
I swear to you it's true
When you finally let me do for you
What you won't let me do
Now you can't rush a good thing, no love before it's time
And anybody fine as you's heard every pick-up line
I swear that I respect you for what hasn't happened yet
But could you hurry up every chance you get
Would you like to slow dance?
You can use my shoulder for your head
Would you mind me feeling
What I feel your beating heart just said
You can't rush a good thing, no love before it's time
And anybody fine as you's heard every pick-up line
I swear that I respect you for what hasn't happened yet
But could you hurry up every chance, hurry up every chance
Hurry up every chance you get
I'll go get the pick-up truck, I'll pay the check
Watch out what you're doing baby, we could have a wreck
I'm gonna run this red light if it don't turn green
My chances sure are looking up if you know what I mean
