

Deliver Us From Evil

Bullet for My Valentine

What's happening to me
I'm dying from the inside
Body hurts too much to feel
And pressure adds to pain
Deliver us from evil
Straying out of sanity Why can't you let me be?
Is nothing else important?
Does my mind mean more to you?
'Cause if I carry on
Deliver us from evil
Screaming for your vanity Will darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare? Here we go
Here we go The tank is empty; let it dry
I'm suffering, a passion ending
So the world ceases turning
The tank is empty; let it dry So now I hope you see
I'm nothing more than human
Making plans for enemies
But here we go again
Deliver us from evil
Crawling back to insanity Will darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare? Here we go
Here we go The tank is empty; let it dry
I'm suffering, a passion ending
So the world ceases turning
The tank is empty; let it dry
I'm suffering, a passion ending
So the world ceases turning
The tank is empty; let it dry
I'm suffering What's happening to me
I'm dying from the inside
Body hurts too much to feel
And pressure adds to pain
Deliver us from evil
Through evil
Pressure adds to pain
We're evil

We're evil
We're evilWill darkness turn to light?
Will darkness turn to light?
Can someone wake me from this nightmare?Here we go
Here we goThe tank is empty; let it dry
I'm sufferingThe tank is empty; let it dry
I'm suffering
A passion ending so the world ceases turning
A passion ending so the world ceases turning
