

# Ten Uh Clock Heart Uh Tack

## We Versus the Shark

No cause for action, a fraction is upset  
The ceilings are circles, still haven't eaten yet  
It's easy to forget how easy is motionless  
(I'm a corpse that can use a computer)  
(I could be a real team player) Are you decent? are you responsive, oh?  
Respirator can't take take take  
You're on the right track  
You're on the right track  
Ba ba-da ba ba ba-da ba, ba Don't repeat what you hear here  
It's likely strange and in fact totally queer  
I've got a badge and a high horse  
And if you don't get me, well, that's just par for course  
Are you decent? are you responsive, oh?  
Respirator can't take take take  
You're on the right track  
You're on the right track  
Ba ba-da ba ba ba-da ba, ba Swirl. Breath. Breathe. Stop.  
Swirl. Breath. Burn. Stop.  
Drop the cash Swirl. Breath. Breathe. Stop.  
Swirl. Breath. Burn. Stop.  
Fall out, fall out, fall... Back
