Slow Divers (edit) (live)

Jane's Addiction

She said, "Do you think you could?"
And I said, "Yeah, yeah in a second"
We're sitting by a waterfall
And when the people jump in
They hold their nose
And kiss these walls
Granite walls, water-polished walls
Just don't ever wanna move from this spot
You could sit here for so long
There's a slide, sui-slide
You can live or die
Going down, going down
Boy came to the slide
We said, "You want to go down that slide?"
He said, "No man, hey you got a joint to sell me?"
We just smoked one, we got a roach, we said
"I'll, I'll, I'll, I'll smoke the roach!"
But first go down that slide, man
Go on down, go on down, go down
I'm sitting by a waterfall
I couldn't bear to watch the people slip and fall
You know the plants on the rocks are crazy
Thinking that they could start a life
On the spiral walls of the waterfall
Slow divers
Their view is spectacular
