Advisory - the following lyrics contain explicit language:

I can't believe
what the fucks
in front of me
you must be fucking 70
at least
what the hells your problem?
problem
ozzy & motley crew
& kiss I thought that you were through
but I kinda liked the kiss show
Lets get ozzy of the stage
Lets get motley of the stage
Lets get stanley of the stage tonight
You were good 20 years ago
too much pot a little too much blow
Now the bypass surgery new hip
at seisure world enjoy your stay
shuffle board bingo macrame
3 hot meals liquified for you
