

# Carry On

## Avenged Sevenfold

Some people live out selfish desire  
Some choose to shout when they speak and they'll be the star  
Caught in the flame of those deep in fire  
Seeking out those with a voice, one for tomorrow They say we've lost our minds  
We've just gained control Search endlessly, fight 'til we're free  
Fly past the edge of the sea  
No bended knee  
No mockery  
Somehow we still carry on (Fear, fear, fear, fear, fear, fear) Silence your fear, we've got to move higher  
High like the stars in the sky, guiding us all  
Battle the will of those who conspire  
Take back the passion to live, vanish the sorrow Destroy their perfect crime, watch the power fold Search  
endlessly, fight 'til we're free  
Fly past the edge of the sea  
No bended knee  
No mockery  
Somehow we still carry on Search endlessly, fight 'til we're free  
Fly past the edge of the sea  
No bend in knee  
No mockery  
Somehow we still carry on Carry on
