In My Arms

Fryars

The road I know is the road I go
And the life I live and the life you know
Give me all of your affection
Share a little love with me and that's the thingI just wanna hold you in my arms
And I just wanna hold you in my arms
In my arms.If I take your trust, then I can't be true
With it all to give, give it up for you
Tell me all of your intentions
From the hard until the small and that's the thing
I just wanna hold you in my arms
And I just wanna hold you in my arms
I just wanna hold you in my arms
And I just wanna hold you in my arms
In my arms.I'm not screaming for attention,
I'm not aiming for the heights
I just want to love when I'm out of sight
I'm so tired of your faithful
can I hang you over night?
If I'm sharing in love then won't be rightShare a little love of your
Holding me down and love you, that's the thing
Share a little love of your
Holding me down and love you, that's the thing
And I don't wanna know,
share a little love and.that's the thing.
I just wanna hold you in my arms
And I just wanna hold you in my arms
I just wanna hold you in my arms
And I just wanna hold you in my arms.
