

You're My Rescue

[Van She](#)

Traveling far away
Walking Into the moonlight
Fever come down my way
Ce my rescueWait for so long
Sun come make me strong
Fever come down my way
be my rescueOooo you're my rescue
Oooo you're my rescueBringing back yesterday
laying down with the sun rays
Leaving things to desire
Be my rescueYouuu need to know
That the signs show time that you'll never knowOooh you're my rescue
Oooo you're my rescue
Come to me now
Come to me now
come to me nowCome to me now
come to me now
come to me now
you're my rescueoh my god
Aaaaa aaaaa (x)Ooooo wooh you're my rescue
ooooo wooh you're my rescue (x)
