

# Slowdown

**Peter Murphy**

The point is up  
Touch, elbows touch  
Tell them to look away  
Find security and say Look at the clues  
Clear as cloud  
Drop our love for love CHORUS  
Slow down  
Slow down  
Slow down  
Slow down  
Slow down  
Slow down Why let it go  
To the deeper down?  
Well, we could look and pray  
Ah, don't run, don't drown Look at the clues  
Clear as cloud  
Drop our love for love CHORUS CHORUS  
CHORUS Slow
