

You're Bigger

[Jekalyn Carr](#)

You're bigger than the universe
You're bigger than the Sun and the stars
You're bigger than the things
that will torn me apartYou're bigger than the universe
You're bigger than the Sun and the stars
You're bigger than the things
that will torn me apartFor i know,great in all the earth,
For i know ,great in all the earth,earth
You're biggerYou're bigger than, the problems I've faced
You're bigger than, the disaster that I've seen
You're bigger , You're so much bigger Jesus
and what this life may bringYou're bigger than, the universe
You're bigger than, the Sun and the Stars
You're bigger than, the things, bigger than the things
that will torn me apartFor i know, great in all the earth,
For i know , great in all the earth,
For i know , great in all the earth,earth
You're bigger
