

The Return (Of the Velvet Bear)

[Ruben Studdard](#)

K.L.Baby, I know it's been awhile since you seen me
And there's a lot of things I wanna show you
Most things you never knew I could do
Listen, baby, boo, I wanna whisper in ya ear
Tell you what I'm all about
Re-introduce myself and remove all doubts
So you can let your hair down, you can let yourself go
'Cause I came back to let you know
That It's the return, it's the return
Of your velvet teddy bear, girls, I'm here
It's the return, it's the return
Of your velvet teddy bear, have no fear
Oh, are you ready? Yes
Are you ready? Yes
Baby, are you ready? Yes
Are you ready for me? Baby, tell me, yes
Are you ready? Yes
For your velvet teddy bear
Girls, I'm here
Shortie, the vibe you're giving me is straight sexy
And I gotta do what your body tells me
'Cause I meet expectations better yet exceed 'em
You best believe I'm a rider nova Casanova
All of the above when it comes to making love
You can let your hair down, you can let yourself go
'Cause I came back to let you know
That it's the return, it's the return
Of your velvet teddy bear, girls, I'm here
It's the return, it's the return
Of your velvet teddy bear, have no fear
Oh, are you ready? Yes
Are you ready? Yes
Baby, are you ready? Yes
Are you ready for me? Baby, tell me Yes
Are you ready? Yes
For your velvet teddy bear
Girls, I'm here
Shout out to little love music
New Ruben, new look, new music
Shout out to Larry Jackson that's big spit
Oh, Jay records, return of the velvet teddy bear
Girls, you should see him
It's the return, it's the return
Of your velvet teddy bear, girls, I'm here
It's the return, it's the return
Of your velvet teddy bear, have no fear
Oh, are you ready? Yes
Are you ready? Yes

Baby, are you ready? Yes
Are you ready for me? Baby, tell me, yes
Are you ready? Yes
For your velvet teddy bear
Girls, I'm here It's the return, it's the return
Of your velvet teddy bear, girls, I'm here
It's the return, it's the return
Of your velvet teddy bear, have no fear Oh, are you ready? Yes
Are you ready? Yes
Baby, are you ready? Yes
Are you ready for me? Baby, tell me, yes
Are you ready? Yes
For your velvet teddy bear
Girls, I'm here
