

# What Do I Get

## Discharge

You get to choose  
I get to lose  
You get the goods  
I pay the price  
You do the crime  
I do the time  
What do I get  
What do I get  
What do I get  
You get the highs  
I get the lows  
You get the gain  
I get the pain  
You get the bomb  
I get the fallout
