

The Ritual

Witchdoctor

What is a ritual?

A ritual is something every man do around his house or
Any time of the day, every man got his own ritual that he does

To keep himself alive. Music is my ritual

The language you speak, is that part of the ritual?

What's that?

The language you speak, is that part of the ritual?

That is the ritual We gone do you like dis here

Why'all don't know nothin' bout dis here

Gone do you like dis here

We gone show why'all niggas

Why'all don't know nothin' bout dis here [Chorus: x4]

Make him feel ohh-ohhhhh-ohhh Janey got a babyyy

Prostitutes walkin'

Police just hit the house down the street

Ol' man wit a sign, he want somethin' to eat [Chorus] Where my next check comin' from?

Hey, Where my next check comin' from?

Am I gone have to ruuunn?

I ain't goin' back to jaaail

Ain't got no lady of mine

'Bout to run up the street, get me a bottle of wine

Ain't got much time left, in the streets

Not much time left [Chorus]
