Smoke

Gorgon City

Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my sideCome lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my sideCome lift the smoke from my eyes
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the smoke from my eyes
Let's see the sun in the sky
Cause I've been wasting the time
When you've been right by my side
Come lift the smoke from my eyes
Let's see the sun in the sky

Cause I've been wasting the time
When you've been right by my sideCome lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
Come lift the s...
