

Wintertime Love

Choir of Young Believers

It's time to love,
snow from above.
It's time to care,
winter is here. A snow white kiss,
everything's bliss.
And on your nose,
summer tears froze. A wintertime love,
a crystal clear love. A snow white kiss,
everything is bliss.
And on your nose,
summer tears froze. A wintertime love.
A wintertime love.
A crystal clear love.
A wintertime love. A snow white kiss,
everything is bliss.
And on your nose,
summer tears froze. A wintertime love.
A wintertime love.
A crystal clear love.
A wintertime love.
Love love love.
