

# Wooderson (Live On Letterman)

## The Gaslight Anthem

And tonight the coastline is quiet  
It's quieter than it's ever been  
Honey, this town is a prison  
With its four walls closin' in And they got one pill to make you smaller  
They got one pill to make you scream  
Darlin' this heart is on fire  
And this life is but a dream All right, all right You see, this town pulls my heartstrings  
I fell in love with the Shrewsbury stars  
But there's far too many diamonds  
In the backseats of borrowed cars And I could never stop this burnin'  
Honey, I can't tell no lies  
I could never stand the weather  
Darlin' this heart is on fire All right, all right Tonight, tonight, we're gonna ride like silver on the desolation  
moonlight  
Tonight, tonight, we ain't comin' back until the morning light  
Tonight, tonight, it's all right, all right  
Tonight, tonight All right, all right Dance in my moonlight, my old friend the twilight  
Dance in my moonlight, my old friend the twilight  
Dance in my moonlight, my old friend the twilight  
Dance in my moonlight, my old friend
