

# Elixir

## Prince

Eye can c ur face every time  
Anywhere, any place in my mind  
If my guard is ever low  
Mmmm there's a place that eye can goElixir, elixir, elixirU can fight in vain  
Eye'm gonna have my way  
All night and all day  
Seven tears fall like rain  
In between the joy and pain  
Ooh wee babyElixir, elixir, elixir  
Ooh wee baby  
Elixir, elixir, elixir  
Yes he doesHand in hand woman and man  
Through the tallest doors, up the stairs  
Two animals spawning in a river  
They go there ooh wee babyElixir, up and down  
Elixir, round and round  
Elixir, don't stop baby'Elixir, elixir, elixirWith his pen, ink and tongue (amid the sound of machinations)  
Is this real or all in fun (city noise)  
He writes it there (oh yes he writes it)  
Writes it there, elixirNaked girl naked boy (single word that she heard}  
They lay xposed (xposed)  
Can u hear it? (oh yes she heard it)  
Fully clothedElixir, it's early in the day 4 their relationship  
Elixir, in truth he hardly knows her xcept 4 her lips  
Elixir, mmmm she moans sighs and groans  
Elixir, ooh baby... elixir, do it baby... elixir, almost there babe  
Yeah
