I'm a Rover

Neidfyre

Though the night is dark as dungeon
Not a star to be seen above
I will be guided without a stumble
Into the arms of me only loveI went up to her bedroom window
Kneelin' gently upon a stone
I rapped on her bedroom window
"My darlin' dear, do you lie alone?"For I'm a rover, seldom sober
I'm a rover of high degree
When I'm drinking, I'm always thinking
How to gain my love's companyShe raised her head from her feather pillow
With her arms up around her breasts
Saying, "Who's at my bedroom window
Disturbin' me and me long night's rest?""It's only me, your own true lover
Open the door and please let me in
For I have come on a long night's journey
And I'm near drenched to the skin"For I'm a rover, seldom sober
I'm a rover of high degree
When I'm drinking, I'm always thinking
How to gain my love's companyShe opened the door with the greatest pleasure
She opened the door and she let me in
We both shook hands and embraced each other
'Til the morning we lay as oneWell now, me love, I must go and leave you
Though the mountains be high above
Well I will climb them with greater pleasure
Now that I've been with me only loveFor I'm a rover, seldom sober
I'm a rover of high degree
When I'm drinking, I'm always thinking
How to gain my love's companyFor I'm a rover, seldom sober
I'm a rover of high degree
When I'm drinking, I'm always thinking
How to gain my love's company
