

# Let's Be Young

## Picture This

OK It's easy to be free,  
If you really wanna be,  
So lets go out and make some noise,  
Go get the girls, and I'll get the boys. We don't care about what they sing,  
'cause we don't believe in anything. Lets go out, and leave our phones, at home,  
We can be young tonight.  
Lets break out, and leave our phones, at home.  
We can get drunk tonight! We ain't got no place to go,  
So lets put on our own show.  
We are the young  
of misspent youth and forgotten dreams  
We don't care about what they sing,  
'cause we don't believe in anything. Lets go out, and leave our phones, at home,  
We can be young tonight.  
Lets break out, and leave our phones, at home.  
We can get drunk tonight! We can get drunk tonight. Yeah we can be young tonight. We don't care about what  
they sing,  
'cause we don't believe in anything. Lets go out, and leave our phones, at home,  
We can be young tonight.  
Lets break out, and leave our phones, at home.  
We can get drunk tonight!  
Lets go out, and leave our phones, at home,  
We can be young tonight.  
Lets break out, and leave our phones, at home.  
We can get drunk tonight! We can be young tonight. We can be young tonight. End
