Could It Be?

Christy Carlson Romano

I Know we've been friends forever
But now I think I'm feeling something totally new
And after all this time I've opened up my eyes
Now I see you we're always with meCould it be, you and I never imagined
Could it be, suddenly Im fallin' for you
(I am fallin')
Could it be, you were right here beside me and I never knew
Could it be, that its true, that it's you
(Could it be)
And it's you and it's youIt's kinda funny you were always near
But who would ever thought that we'd end up here
And every time I needed you you've been there for me
So now it's clear I've been waiting for youCould it be, you and I never imagined
Could it be, suddenly Im fallin' for you
(I am fallin')
Could it be, you were right here beside me and I never knew
Could it be, that it's true, that it's you
(Could it be)
And it's you and it's youCause today is the start of the rest of our lives
I can see it in your eyes and it's real and its true
And it's just me and you
Could it be, that it's true, that it's youCould it be, you and I never imagined
Could it be, suddenly Im fallin' for you
(I am fallin')
Could it be, you were right here beside me and I never knew
Could it be, that its true, that it's you
(Could it be)
And it's you and it's you
