

The Only Way I Know

Jason Aldean

Well I grew up in one of them old farm towns
Where they hit it hard til the sun goes down
Nobody really seemed to care that we were livin' in the middle of no where
We just figured that's how it was
And everybody else was just like us
Soakin' in the rain, bakin' in the sun
Don't quit til the job gets done
That's the only way I know
Don't stop til everything's gone
Straight ahead, Never turn around
Don't back up Don't back down
Full throttle, Wide open
You get tired and you don't show it
Dig a little deeper when you think you can't dig no more
That's the only way I know
That old red dirt the first thing you learn is
You don't get nothin' that you don't earn
Humble pride I grew up on
You find out just how bad you want it
Sun in our eyes, Backs to the fences
We didn't know the odds were against us
Hit the wall smokin' and spinnin'
Still wasn't thinkin' bout nothin' but winnin'
That's the only way I know
Don't stop til everything's gone
Straight ahead, Never turn around

Don't back up Don't back down
Full throttle, Wide open
You get tired and you don't show it
Dig a little deeper when you think you can't dig no more
That's the only way I know
Maybe there's another path that'll get you there a little bit faster
But I'm stickin' with the one inside of me
That's the only way I know
Don't stop til everything's gone
Straight ahead, Never turn around
Don't back up Don't back down
Full throttle, Wide open

You get tired and you don't show it
Dig a little deeper when you think you can't dig no more
That's the only way I know
That's the only way I know
Don't stop til everything's gone
Straight ahead, Never turn around
Don't back up Don't back down
Full throttle, Wide open
You get tired and you don't show it
Dig a little deeper when you think you can't dig no more
That's the only way I know
That's the only way I know
That's the only way I know
The only way I know
