

U Don't Give A Damn About Me

Tyrese

What, what
U don't give a damn about me
Do do do do, do do do
Do do do do, do do do You've got some nerve, you call me after all this time
And expect me to be cool, what the hell is wrong with you?
Can't just pop up out of the blue, baby, that ain't how you do
Someone you're claimin' that you love so true, oh That disappearing thing
(I don't play that)
I know your phone ain't off
('Cause I pay that)
Am I okay with it, please believe it
('Cause I don't need it) Why'd you call me?
(Baby)
If u don't give a damn about me
(Damn about me)
Let's see how you do without me
(Without me)
Why you tryin' be where I'll be?
(I be)
U don't give a damn about me Whatever you do, go on and do your thing
But in the meantime just keep one thing in mind
The way you dress, the way you drive was all because of me
Now it's over, babe, I hope you're happy That disappearing thing
(I don't play that)
I know your phone ain't off
('Cause I pay that)
Am I okay with it, please believe it
('Cause maybe I don't need it) Why'd you call me?
(Baby)
If u don't give a damn about me
(Damn about me)
Let's see how you do without me
(Without me)
Why you tryin' be where I'll be?
(I be)
U don't give a damn about me You call me like I'm supposed to be alone
But I moved on, so stop wasting time
You should know by now I've got someone in my life
You're the last thing that crosses my mind

Why you got to call me, baby?Why'd you call me?

(Baby)

If u don't give a damn about me

(Damn about me)

Let's see how you do without me

(Without me)

Why you tryin' be where I'll be?

(I be)

U don't give a damn about me

(Baby)Break it on down, break it on down

(Baby)

Let me explain somethin'

Check this outWoman, I cook and I clean

(Baby)

You know what I mean

I bought you everything

(Baby)

And u don't give a damn about meYou call me like I'm supposed to be alone

But I moved on, so stop wasting my time

You should know by now someone's in my life

You're the last thing that crosses my mind

Why you got to call me, baby?Why'd you call me?

(Baby)

If u don't give a damn about me

(Damn about me)

Let's see how you do without me

(Without me)

Why you tryin' be where I'll be?

(I be)

U don't give a damn about meI don't need you

I don't love you

I don't want you

You could'a kept that to yourself

Why am I wasting my breath?

I don't need you
