Droplets

Colbie Caillat

I'm leaving you, not sure if that's what I should do
It hurts so bad, I'm wanting you but can't go back
Trying to find, find that all elusive piece of mind
Stuck here somehow, shrouded beneath my fear and doubt
And I don't need it
'Cause I'm walking down this road alone
And I figured all I'm thinking 'bout is you, is you, my love
My head is in a cloud of rain and the world it seems so far away
And I'm just waiting to fall in droplets, droplets
You left a mark and I wear it proudly on my chest
Above my heart to remind me that I feel the best
When I'm with you and everything is effortless
You know it's true, my eyes are painted with regret
And I don't need it
'Cause I'm walking down this road alone
And I figured all I'm thinking 'bout is you, is you, my love
My head is in a cloud of rain and the world it seems so far away
And I'm just waiting to fall and sink into your skin
You are like the raindrops, the raindrops falling down on me
You left a mark
She left a mark
She left
And I don't need it
