Don't Cry

Milk Inc.

Don't cry, you're not alone.
Don't cry, you've got a home.
They're not worth your tears
They're not worth these years
Don't cry, you're not alone.
Don't cry, you've got a home.
They're not worth your tears
They're not worth these yearsJust a kiss goodnight is enough to fight your scary dreams away.
And a kiss goodbye is enough to keep you warm when I can't stay.Don't cry, cause I'll be there.
Don't cry, you'll get nowhere
Lift your head up high,
Give it another try
Don't cry, cause I'll be there.
Don't cry, you'll get nowhere
Lift your head up high,
Give it another trySo don't cry... you're strong enough.
Don't cry, although it's tough.
I know that you'll get by
I know that you'll get by
So don't cry... you're strong enough.
Don't cry, although it's tough.
I know that you'll get by
I know that you'll get by
