Assface

GG Allin

You think you're on my ass girl but that ain't you
It's the only thing that reminds me of you
All fat and ugly and covered with zits
When you open your mouth out comes shit[Chorus:]
Assface honey that's what you got
Sisyphus baby you can suck my cock
Assface (YEAH!) that's what I said
In place of a face you gotta ass instead(UNKNOWN) - where you don't belong
Gonna find some rope that's good and strong
Gonna hang you from the highest tree
We wont take no shit you'll see[Chorus]I'll get you back girl one way or another
Get away Merle she ain't got no brother
(UNKNOWN) - somebody said
Because your neck is turning red[Chorus]
