Meds (feat. Alison Mosshart)

Placebo

I was alone, falling free

Trying my best not to forget

What happened to us, what happened to me

What happened as I let it slipI was confused by the powers that be

Forgetting names and faces

Passersby were looking at me

As if they could erase itBaby, did you forget to take your meds?

Baby, did you forget to take your meds?I was alone staring over the ledge

Trying my best not to forget

All manner of joy, all manner of glee

And our one heroic pledgeHow it mattered to us, how it mattered to me

And the consequences

I was confused by the birds and the bees

Forgetting if I meant itBaby, did you forget to take your meds?

Baby, did you forget to take your meds?

Baby, did you forget to take your meds?

Baby, did you forget to take your meds? And the sex and the drugs and the complications

And the sex and the drugs and the complications

And the sex and the drugs and the complications

And the sex and the drugs and the complications Baby, did you forget to take your meds?

Baby did you forget to take your meds? I was alone, falling free

Trying my best not to forget
