You Said

Glenn Murphy

If you see me donâ€™t stop
If you need me donâ€™t call
See youâ€™ve lost that ride
When you watched me fall

I can try to hide
But I can not pretend
That time will be enough
To cause my heart to mend

Chorus:
Cause you said
That I was the one you where waiting for
You said that we had the world and more
I know in time I will be able to be alone
But I should have known
That your heart was not my home

If Iâ€™d opened my eyes
If youâ€™d said a bit more
Iâ€™d have seen it coming
But still my heart you tore
My eyes have dried
And now I can see it clear
When you come crawling back
Well I will not be here

Chorus:
Cause you said
That I was the one you where waiting for
You said that we had the world and more
I know in time Iâ€™ll be able to be alone
But I should have known
That your heart was not my home

Chorus:
Cause you said
That I was the one you where waiting for
You said that we had the world and more
I know in time Iâ€™ll be able to be all alone

But I should have known
That your heart was not my home
