

# Mountain to Sound

## Spoon

Mountain to sound  
Mountain to sound  
Mountain to sound  
Mountain to soundAnd time's so slow  
It's barely in person  
Barely there, so down  
We've been at the airport  
So long now  
We've gone back to soundIt'll come back to you  
It'll come back to you soon  
Come right back to you  
It'll come back to youAnd I think I am losing  
This hard-on, that's okay, oh  
All the noise  
You're playing after hours  
[Incomprehensible]
