In the Beginning

[Daughn Gibson](#)

I wasn't me
I'm not the same guy
You got it wrong
Someone else make you cryWhat do you mean?
What did i say?
Does it matter that I've Changed?Well I was wrong and it's a shame
When you know, when it's goneYou've gotta start from right back where
You are in the beginningI tried again, it's the first time today
I promised mom
Not treat myself again this wayBut life is mean
And I can't be blamed
If it's difficult to change
I'm sorry yall
and it's a shameWhen you know, when it's goneYou've gotta start from right back where
You are in the beginning
