

So Lonely

The Living End

We may be small but that's alright
Sleep all day, come out at night
Kicked around but that's okay One of these days we'll have our say
Singing out, couldn't care less
The neighborhood yells out give it a rest, hey Oh so lonely, I'm feeling blue
Yeah, if only I can find a lonely kid too Oh so lonely, I'm feeling blue
Yeah, if only I can find a lonely kid too We may be small that's alright
Sleep all day, come out at night
Kicked around but that's okay One of these days we'll have our say
Singing out, couldn't care less
The neighborhood yells out give it a rest, hey Well, we may be small but that's alright
Sleep all day, come out at night
Kicked around but that's okay
One of these days we'll have our say Singing out, couldn't care less
The neighborhood yells out give it a rest
Hey, hey, hey, hey
