

# Alive (feat. Kwabs) [Felix Joseph Remix]

[Selah Sue](#)

You are a star that will never go out  
Wherever you go on your way home, you can see the sun  
Don't be afraid that you'll burn out your glow  
Because you'll shine on and we stand free in the fading snow  
You, stay alive in the cold, in the rain  
You, stay alive in the cold, in the rain  
You, stay alive, don't you see it?! Don't waste your time thinking you are done for  
Whenever you're alone, just hang on to your burning force  
Turn on the lights if your purpose gets lost  
Because you got me and a whole life, forever more  
You, stay alive in the cold, in the rain  
You, stay alive in the cold, in the rain  
You, stay alive, don't you see it?! If we go home, we'll be alright  
We need to get home, so we can see starlight  
You, stay alive in the cold, in the rain  
You, stay alive, don't you see it?! If we go home, we'll be alright  
We need to get home, so we can see starlight
