Weekend Love

TGT

Damn it's finally friday
It's like the clock wasn't moving for me fast enough
Finished feeling lonely, girl
It's been way too long since you top me off
Tonight is what we waiting for
Don't worry, 'cause I've been through the store
So close up when you hear the door
Tonight, yeahLast time was amazing, girl
Tonight let's do the same thing, girl
No time for sleeping all thru the weekend, girl
Sex amazing, makes me wanna do it again
Baby, you're my weekend love, weekend love
48 hours of amazing
You're my weekend love, weekend love
This is too damn good, must be the weekend
Weekend love
Weekend loveNow we're back to Monday
I'm already missing all the lovin' you've been givin' me
And I'm running on empty, girl
It's been way too long since you top me off
Tonight is what we waiting for
Girl don't worry, 'cause I've been through the store
So close off when I hit the door
Tonight, yeahLast time was amazing, girl
Tonight let's do the same thing, girl
No time for sleeping all thru the weekend, girl
Sex amazing, makes me wanna do it again
Baby, you're my weekend love, weekend love
48 hours of amazing
You're my weekend love, weekend love
This is too damn good, must be the weekend
Weekend loveAin't nothing wrong
We getting freaky in the middle of the week, yeah
But the longer we wait, oh
I know it's gonna be incredible
It's just something about that Friday, Saturday
Sunday love
I just can't wait for that next weekend to comeLast time was amazing, girl
Tonight let's do the same thing, girl

No time for sleeping all thru the weekend, girl
Sex amazing, makes me wanna do it again
Baby, you're my weekend love, weekend love
48 hours of amazing
You're my weekend love, weekend love
This is too damn good, must be the weekend
Weekend love
Weekend love
