[Sean Garrett]  
Junior high, played them.  
High school, played them.  
College, well, you know, played them.  
Me, and my friends used to laugh about it, how we fade em.  
Now cupid's aiming his arrow right there at me.  
No more nonchalant can I be, with you here staring at me.  
With the most beautiful eyes that I, ever seen.  
You pull an emotional vibe from my soul, look at me,  
You got my heart beating like my back is filled with batteries.[Chorus]  
For the first time I'm in love,  
And I wanna tell everybody,  
And I wanna tell everybody, what I'm feeling.  
For the first time I feel love,  
And I wanna tell everybody,  
And I wanna tell everybody.[J. Cole:]  
Not so fast, Cole got a whole lotta lotto cash.  
Life of a bachelor, light skinned rapper found a top model with a Tahoe.  
With a broad so bad, when she cross your path.  
You get outta them jeans, you be thinking about rings,  
Okay, she done got your ass.  
Cupid done shot your ass.  
But I'm trying to be a G though,  
So yeah I'm gonna holla, yeah I'm gonna call her,  
But I ain't got a leash though.  
I put a name on her lease though,  
Made an extra set of my keys for.  
I think I might wife it now, but life is foul, and you don't got a free throw.  
And so my next move, gonna have to be my best move.  
Beside every king is a bad ass queen, so girl, lets make this chess move.[Chorus]  
For the first time I'm in love,  
And I wanna tell everybody,

And I wanna tell everybody, what I'm feeling.  
For the first time I feel love,  
And I wanna tell everybody,  
And I wanna tell everybody the feeling.[Sean Garrett]  
Now baby, baaaby.  
You doin' things with my heart I ain't never felt, it's so crazy.  
I agreed to acknowledge love, but refused to let it change me, I was so mistaken.  
Your love like a Billy Coupe, took me out of a Mercedes.  
Now baby, baaby.  
For so long I miss somebody, my heart just been dazed with.  
I went from not wanting a girlfriend, to needing ya lady.  
I didn't think I'd ever see, me callin' to you to hear your voice before I go to sleep.[Chorus]  
For the first time I'm in love,  
And I wanna tell everybody,  
And I wanna tell everybody, what I'm feeling.  
For the first time I feel love,  
And I wanna tell everybody,  
And I wanna tell everybody the feeling.[Sean Garrett:]  
I ain't never looked into a woman's eye,  
And felt the fire that I'm feelin while you holding me,  
Begging to take you higher.  
For so long, I wasn't faded, I couldn't admit it before,  
But now I see what life's about, and I'm never gonna let you go.  
Girl I'm growing, [Don't wanna be selfish, I wanna be more accountable.]  
I see us growing [I don't wanna miss out on a feeling I ain't never had before.]  
I got to tell the world, somebody gotta know.  
What you'da done to me, I gotta let em know.[Chorus]  
For the first time I'm in love,  
And I wanna tell everybody,  
And I wanna tell everybody, what I'm feeling.  
For the first time I feel love,  
And I wanna tell everybody,  
And I wanna tell everybody the feeling.[J. Cole:]  
[I swore]  
I swore I'd never fall,  
But I fell, run and tell,  
All my old bitches,  
To erase my number, my photos.  
Baby girl, pardon me, but,  
Don't text, stop calling me,  
I aint your [Nigga], don't bother me,  
Fuck your twitter, don't follow me.  
My new girl, too thorough.  
Believe it or not man, she's all I need.  
Thought I was a player, R.I.P.

Down goes Frazier, call Ali.  
Let's hit the mall, and it's all on me,  
'Cause girl, you deserve it.  
If I take this chance, and make these plans,  
I gotta know girl, that you're worth it.  
Perfect..
