

Bubble Baby

Deap Vally

Baby's in a bubble
Baby's in trouble
She's bored and bitter
She doesn't know what hit herBubble baby, she wants out
But she's a baby and she don't know howOh oh oh oh oh oh oh ohBubble is too tiny
Baby can't breathe
She's got no room inside
Just like baby needs
Sucking out all the air
Someone's got to get her out of thereOh oh oh oh oh oh oh oh
Babe, get out your bubble
Babe, you're in trouble
You're in the middle
You want to be on topYou think that you're diseased
You are just a victim of the "me's"
