

# What Did I Do Wrong

Esham

Advisory - the following lyrics contain explicit language:

What did I do wrongWhat did I do wrong  
Don't wanna live  
What did I do wrong  
Don't wanna liveMy momma was a dope fiend but what I mean  
She was manic depressed, like the Supremes  
And all my tears wiped with a clean ex  
I'm on the scene and I drop dead like River PhoenixA life I can't handle, so I drink Jack Daniels  
Straight, I bought me a 38 with one shiny silver bullet  
For the werewolf in me I don't pretend to be  
I'm fucked up off lifeI walk around with a bloody butcher knife  
I wanna kill myself, but first  
I think about what's worse  
I vision my body take a ride in a hearseAnd somebody, anybody but nobody hears  
Buried alive, pine box and my deepest fears  
I been doin' dope since I was 13  
But when I close my eyes unconsciously I screamWhat did I do wrong  
Don't wanna live  
What did I do wrong  
Don't wanna liveOverdose scare again, I'm doin' heroin  
So been suckin' my leg like Nancy Kerrigan  
Heroin addict like Kurt Cobain  
Needle's in your dick 'cause your arms outta veinsThe system raped me, society hates me  
The man in the mirror is scared to face me  
My only friend is me, but how can I pretend to be  
My friend, I'm public enemyA number one, son of a shotgun  
So when I blasphemy, I bust a brain cell  
Dead cells make me faint but I can't faint no more  
I don't dream and never sleep walkUncut dope make me comatose  
Growin' up with the scandalous from here to Los Angeles  
What does it mean, infetamine, niggaz so envy they green  
As I watch the fiends fiend, my mind screamsWhat did I do wrong  
Don't wanna live

What did I do wrong  
Don't wanna liveYour body's cold you feel numb from your addiction  
Just say no's a contradiction  
It seems like the whole world's high  
And I'm tryin' not to fry, brain cells passin' time until I dieSuicide contemplated everything is drug related  
I wish when my father got erect he woulda masturbated  
Sperm concentrated now they sell it at the bank  
What has life come to? Tell me what to you think?Crack babies be born like everyday  
I sucker born every minute right around my way  
What a rush when you're brain bust  
All your shit got flushed down the toilet stew  
What a foolWho gives a fuck if you self-destruct  
All you hoes and dreams 'cause you just a fiend  
And this world ain't big enough for the both of us  
Who can I trust with one slug down the bust?  
And sayWhat did I do wrong  
Don't wanna live  
What did I do wrong  
Don't wanna live
