

# K.I.S.S.

## Andrew Mason

Uh huh, uhh, uhh, uhh, listen  
The way your apple bottom pokin' out got me on a mission  
I wanna get you in every kind of position  
I don't wanna keep my cool, baby, I can't keep my distance  
Girl, I salute you, I'll be at attention  
I'm so into you, I just wanna be your lover  
On the floor, in the chair, under covers  
When I'm kissin' you I can't think about another  
(Think about another)  
Girl  
(Think-a, think about another)  
Turn the lights on  
You're my pride and joy, you're my baby boy  
People ask me how I feel, 'bout you  
They ask me if I love you  
(Baby, I want your love)  
And if I'm crazy 'bout you  
(Baby, I want your love)  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh  
See, I'ma kiss you, wan' go up to your body, shawty, you will never  
Scorpio, girl, I was built for pleasure  
I'll make your body start rainin', I change the weather  
Let it fall on me, I don't need no umbrella  
I get it from the back  
(From the back)  
From the front  
(From the front)  
On your side, lil' mama, now here it come  
Hey, I just wanna be your lover  
(Yeah)  
Now sing it for me, girl  
You're my pride and joy, you're my baby boy  
People ask me how I feel, 'bout you  
They ask me if I love you  
(Baby, I want your love)  
And if I'm crazy 'bout you

(Baby, I want your love)  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh  
Look, uhh, yo, check it, uhh  
I'm in a Lex' bubbly talkin' to my text buddy  
Said I forgot about her thinkin' 'bout my next money  
Not only that honey, kissin's what I think of  
You got the Wi-Fi, what's the code so we can link up  
Kitchen flo', kitchen table, fuck the whole sink up  
The best sprinkler, your back open like a pick-up  
The mess that you're makin', we can blame it on the liquor  
If that's not enough then you can blame it on Murph', baby  
You're my pride and joy, you're my baby boy  
People ask me how I feel, 'bout you  
They ask me if I love you  
(Baby, I want your love)  
And if I'm crazy 'bout you  
(Baby, I want your love)  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh  
Kissin' you is, all that I've been thinkin' of  
Kissin' you is, ooh, ooh
