Red Rocks Worship

Be gracious
My enemies are all surrounding
Be gracious
You are the one that keeps my feet
From falling
When I'm afraid
I put my trust in you
Your word I praise
I will not fear what man can do
You are keeping count of all my tears
I am confident that you are for me
Now until the end
You're what I praise
I am confident that you are for me
I won't be afraid
I won't be afraid
Be gracious
My enemies are all surrounding
Be gracious
You are the one that keeps my feet
From falling
You are keeping count of all my tears
I am confident that you are for me
Now until the end
You're what I praise
I am confident that you are for me
I won't be afraid
I won't be afraid
I will give thanks to you, my Lord
For you have saved me
For kingdom come
I will perform my vows to you
That I may walk in
The light of your sun
Oh, I will give thanks to you, my Lord
For you have saved me
For kingdom come
I will perform my vows to you
That I may walk in

The light of your sun
I am confident that you are for me
Now until the end
You're what I praise
I am confident that you are for me
I won't be afraid
I won't be afraid
I won't be afraid
No, I won't be afraid
You are keeping count of all my tears
