

# Tied Up In Red

## Yello

Tied up, tied up  
Tied up, tied up  
Tied up, tied upGulemo dilemma  
Gulemo dilemma  
Tie me up, the city heat  
Bring the bell, go down the street  
Tie me up to the babaumba beat  
Try to beat, try to fight  
Take me back into the ring tonight  
Shake it up, beat down the beat  
Shake it up to the babaumba heat  
It's the African queen, we got the summer night grand  
It's the African queen, the hottest lady in town  
It's the African queen, who keeps me on my feet  
It's the African queen, the babaumba beatAll you need is love  
Take my heart  
And hold me tight forever, foreverBombo-yo, ko ko ko bombo ya  
Bombo-yo, ko ko ko bombo ya  
Bombo-yo, ko ko ko bombo yaRing the bell  
Roll down the street  
Tie me up into the city heatTake me guys, keep up the beat  
Bring the bell into the city heatTied up, tied up  
Tied up, tied upGulemo dilemma  
Gulemo dilemma  
Got away  
Got away  
Got away (de-le-ma)  
(bal-do-ah)Take me guys, keep up the beat  
Bring the bell into the city heat  
Got away eko-ahll-ahRing the bell, roll down the street  
Tie me up into the city heatTake me guys, keep up the beat  
Bring the bell into the city heatTake it up, beat on the beat  
Shake it up, the babaumba beat

Keep your cool, keep cool your mind  
Shift the beat, you're one of a kind Kick the gong, beef up the beat  
Back to hell into the city heat  
Hit the bell, roll down the street  
Tie me up to the babaumba beat  
Take the beat, take the fight  
Take me back into the ring tonight It's the African queen, we got the summer night grand  
It's the African queen, the hottest lady in town  
It's the African queen, who keeps me on my feet  
It's the African queen, the babaumba beat Gulemo dilemma It's the African queen, we got the summer night  
grand  
It's the African queen, the hottest lady in town  
It's the African queen, who keeps me on my feet  
It's the African queen, the babaumba beat All you need is love  
Take my heart and hold me tight forever, forever
