Long Shadows Fall

Trouble

On the road of winters misery
Drifting motionless in pain
Enlightened dreamscapes are assured
Sad certainty of mine
Hallucinations are clearly all aroundLong shadows fallen down
Long shadows fallen downDesperation bleeds insanity
Disruptive angels haunt my brain
Appealing mercy of the fire
Dances slow on fire
Hallucinations are clearly all aroundLong shadows fallen down
Long shadows fallen downOn the road of winters misery
Drifting motionless in pain
Enlightened dreamscapes are assured
Sad certainty of mine
Hallucinations are clearly all aroundLong shadows fallen down
Long shadows fallen down
