When Love Comes Callin'

Sawyer Brown

You can look out the window but you can't see a thing
When the hound is howlin' and the wind won't sing
And you can't run and you can't hide
When love comes callin' in the middle of the nightIt won't bring no bags but you can bet
It'll wake you up screamin' in a cold, cold sweat
Ain't nothin' you can could do but hold on tight
When love comes callin' in the middle of the nightWhen love comes callin'
When love comes callin' in the middle of the night
Well, in the middle of the night, y'allIt don't leave no tracks, it don't wear no shoes
It can lift you up or it can sing the blues
And it's faster than a bullet and the speed of light
When love comes callin' in the middle of the nightIt don't need no doctor, it don't need the moon
It may come to late, it may come to soon
When the power is failed, it can turn on the light
When love comes callin' in the middle of the nightWhen love comes callin'
When love comes callin' in the middle of the night
Well, in the middle of the night, y'allThere ain't nothin' you can do but hold on tight
When love comes callin' in the middle of the night
When love comes callin', when love comes callin'
When love comes callin', when love comes callin'In the middle of the night
Well, in the middle of the night
Well, in the middle of the night, y'all
Well, in the middle of the night
