War IV Love

Stacy Barthe

(Verse 1)
Take me hostage
Don't let me go,
I'm not up for ransom
Keep me in your captive, captivity
I will never let you go,
You gotta love me on the grave
I'd wait a long time for you(Chorus)
I'd suffer war if it
meant victory was our love
Our love, Our love...
I'd suffer war if it
meant victory was our love
Our love, Our love...
I'd suffer war if it
meant victory was our love
Our love, Our love...(Verse 2)
If my heart what you wanted,
I surrender...
you can have it,
rip it right off my sleeve
It just has no use beating elsewhere
(boom boom,boom boom)
You've got to love beyond the grave
I'd wait a lifetime and a half for you(Chorus)
But suffer war if it
meant victory was our love
Our love, Our love...
I'd suffer war if it
meant victory was our love
Our love, Our love...
I'd suffer war if it
meant victory was our love
Our love, Our love...
