Reaper

Sia

Broke down, thought that I would drown
Hope that I've been found, 'fore I hit the ground
Sun rays out the corner of my eye, hey
Saw you weeping, saw you creeping
Saw you sneaking in the shadow's dawn
I feel so strong
Saw you out the corner of my eye

Don't come for me today
I'm feeling good
I'mma savor it
Don't come for me today
I'm feeling good
I remember when
(Reaper)

You came to take me away
So close I was to heaven's gates
But no baby, no baby, not today
Oh, you tried to track me down
You followed me like the darkest cloud
But no baby, no baby, not today
(Reaper) Oh reaper
(Reaper) Oh no baby, no baby, not today
(Reaper) Oh reaper
(Reaper) Oh no baby, no baby, not today

So come back when I'm good to go
I got drinks to drink, and men to hold
I got good things to do with my life, yeah
Oh, I wanna dance in the open breeze
Feel the wind in my hair, hear the ocean sing
I got good things to feel in my life, yeah

Don't come for me today
I'm feeling good
I'mma savor it
Don't come for me today
I'm feeling good
I remember when

(Reaper)

You came to take me away
So close I was to heaven's gates
But no baby, no baby, not today
Oh, you tried to track me down
You followed me like the darkest cloud
But no baby, no baby, not today
(Reaper) Oh reaper
(Reaper) Oh no baby, no baby, not today
(Reaper) Oh reaper
(Reaper) Oh no baby, no baby, not today

Reaper
